Alberta Printmakers' Society • Mandate

The Alberta Printmakers' Society serves to increase public awareness of the art and craft of printmaking, and to foster artistic initiatives between print artists and the community. This is achieved through print-exhibitions in the Artist Proof Gallery, as well as demonstrations, seminars and workshops that extend print-related knowledge and skills to the public. A/P also provides support, opportunities and advocacy for print artists and members of the society.

A/P strives to provide a safe and affordable print facility for artists to explore traditional, contemporary and experimental printmaking techniques. We are the only non-profit organization providing these facilities to our members and to the public at large in Calgary and its surrounding areas.

The Alberta Printmakers' Society believes that establishing strong connections between artist-run and print studio-based organizations across Canada is integral to sustaining a network of support for emerging and professional print artists. Through print exchange initiatives, community partnerships and cross provincial communications, A/P helps to create a national support system for Canadian print artists.
